| 3. | How do you ensure my son/daughter stays safe outside the classroom? (e.g. during PE lessons and school trips) | Risk assessments are undertaken for all subjects, school trips and individual risk assessments are taken out for pupils in conjunction with the parent, school nurse or any outside agency, i.e. Occupational Therapy Appropriate ratio of adults: children and first aiders are taken in accordance |
|----------------------|---|---|
| | | with the school's policy for Trips and Educational Visits. Pre visits are carried out so that staff are familiar with the layout and routine of the setting. PE lessons are always supervised and risk assessments for individuals are undertaken if and when necessary. |
| | | Any pupil who 'cannot' do PE for medical reasons can access alternative work or support at this time on a level they are capable of. |
| | | There is a First Aid timetable in place where there are several members of staff available to support your child should there be an accident or injury. We are an accredited Heart Start Safe school after having staff training and have a De-febrilator on site. |
| 4. | What are the school arrangements for undertaking risk assessments? | All in line with Salford LA Vulnerable children (including those with SEN) are identified on the Fire Evacuation Policy |
| 5. | Where can parents find details of policies on bullying? | School Website has this information such as the Policy and the Child Protection Co-ordinators are Evelyn Clayton & Jenny Dunn. The Head teacher whom is available by appointment to discuss further information regarding the policy. |
| Health | n (including Emotional Health and Wellbeing) | |
| 1. 2. 3. 4. | How do you ensure that staff are trained/qualified to deal with a child's | particular needs? |
| | Which health or therapy services can children access on school premise | S? |
| | n (including Emotional Health and Wellbeing | |
| 1. | What is the school's policy on administering medication? | We have a full school policy on administering medication. All prescribed medication can be administered at the school office where it is stored in a locked fridge and a form is completed by the parent/carer. |

| 2. How do you work with the family to draw up a care plan and ensure | A meeting is held with the parent/carer, SENco, school nurse and any other |
|--|---|
| that all relevant staff are aware of the plan? | professional who is involved with the pupil. |
| that an relevant stan are aware of the plan? | |
| | The Care plan is then shared with all staff in briefing and monitored by the |
| | Class teacher, SENCO and Head teacher if needed, parents are consulted |
| | should there be any adjustments made to the plan. Equally, parents can |
| | come into school and meet with the appropriate staff if they feel the plan |
| | needs to be amended. |
| | Medical registers and plans are kept in the office and stored centrally |
| 3. What would the school do in the case of a medical emergency | Call 999 |
| | Contact a qualified first aider; refer to medical records kept on file for each |
| | child in the school office. |
| | Contact parent/carer, collect them or pay for a taxi if required |
| | In absence of parent/carer a first aider would accompany the pupil to the |
| | hospital |
| | If language is an issue the member of staff would stay at the hospital and |
| | explain to the medical staff what had happened, if possible a translator |
| | would be brought in. |
| 4. How do you ensure that staff are trained/qualified to deal with a | All staff are trained every 18 months years on Safeguarding/Child protection |
| child's particular needs? | Relevant staff undertake external courses provided by the LA and private |
| | companies |
| | Asthma training is given in school to all staff |
| | Diabetes trained staff to work with insulin and those with dietary needs |
| | Relevant staff trained on how to use an epi plan as necessary |
| | Training by outside professionals for ASD, ADHD, EAL, etc. |
| | First Aid is renewed for staff members as they expire. |
| | , , |
| 5. Which health or therapy services can children access on school | We have a school nurse who is in regular contact with school and referrals to |
| premises? | them can be made via the SENCO or Head teacher. |
| | |
| | |

| What Help and Support is available for the Family? | |
| 1. Do you offer help with completing forms and paperwork? If yes, who n | ormally provides this help and how would parents access this? |
| 2. What information, advice and guidance can parents and young people | access through the school? Who normally provides this help and how would |
| they access this? | |
| 3. How does the school help parents with travel plans to get their son/dat | ughter to and from school? |
| | |
| What Help and Support is available for the Family? | |
| 1. Do you offer help with completing forms and paperwork? If yes, who | Yes, SENco or Headteacher would arrange to meet with them and help them |
| normally provides this help and how would parents access this? | complete all the necessary paper work. |
| | Parents are offered this service at a parental meeting or by phone. |
| | Close links with Parent Partnership (SIASS) who also supports our parents |
| | with completion of forms. |
| | Three members of Staff – Head teacher, Deputy Head and SENCO all trained |
| | and experienced in completing Family Assessments and completing referral |
| | paperwork. |

| | We will support families with paperwork and information if they are applying for a Personal Budget or a parental request for an EHCP. |
|---|---|
| 2. What information, advice and guidance can parents and young people access through the school? Who normally provides this help and how would they access this? | Class teachers, SENCO and Head teacher can all offer relevant guidance on the support families need. Families are directed to appropriate agencies, charities or organisations to meet their needs. E.g. Charities to support Families with children whom have physical disabilities. |
| 3. How does the school help parents with travel plans to get their son/daughter to and from school? | In the event of a child being unable to get to school due to a physical impairment, we will support the families to access temporary transport funding so that they will be able to attend school. |
| What support does the school offer for year 6 pupils coming to the school. What support is offered for young people leaving the school? (e.g. care 3. What advice/support do you offer young people and their parents about the school school between classes and School Leavers | ers guidance, visits to colleges, apprenticeships, supported employment etc) |
| What support does the school offer for pupils coming to the school or changing classes? (e.g. visits to the school, buddying) | Year 7 co-ordinator visits primary schools to speak to pupils in Year 6 Year 6 pupils visit on at least 3 occasions during Year 6. Year 5 pupils encouraged to visit high school through open days and evenings New pupils are given a tour of the school by the head teacher to meet their class teacher and classmates New pupils in Key Stage 1 & 2 are buddied up with pupils to help settle them into routines and identifying where places are e.g. The playground. New Nursery children are given summer visits to the school before they start in the September so that they can visit the setting and see other children in the school. Parents of children whom have a statement of SEN have an informal transition meeting with their child's new class teacher and support staff as well as SENCO & previous class teacher to find out about the proposed ways to support their child in the next class. |

| | Transition between classes is closely monitored and staff have opportunities for class handover and progress meetings to learn new information about the children. There are handover mornings where children meet their new teacher and spend time doing activities in preparation for the next year group. Visits between classes such as Reception to Year 1 are in place in the summer term. Children in Nursery, Reception and Year 1 all have access to pictures of their teacher and classroom to take home over the summer holidays if needed to help them remember what will be happening when they return to school. |
|--|---|
| Extra-Curricular Activities 1. Do you offer school holiday and/or before and after school provision? 2. What lunchtime or after school activities do you offer? Do parents hav 3. How do you make sure clubs, activities and residential trips are inclusiv How do you help children and young people to make friends? | e to pay for these and if so, how much? |
| Extra Curricular Activities | |
| Do you offer school holiday and/or before and after school provision? If yes, please give details. | Close links to Mojo Before and After school club After school - Pyramid Club for identified students to encourage friendships and good relationships with staff After schools available e.g. Football, Dancing, Jozekidz - Choir |
| 2. What lunchtime or after school activities do you offer? Do parents have to pay for these and if so, how much? | There are numerous after school activities that pupils are warmly invited to and we actively encourage pupils to participate in these. There is also a Pyramid Club for identified vulnerable students once a week ran for 10 weeks. There is a minimal charge for some after school clubs. There are no lunch time activities because the lunch break is too short to facilitate these. All clubs are mentioned in letters and on the website. |
| 3. How do you make sure clubs, activities and residential trips are inclusive? | Risk assessments are carried out, parents are consulted and parents are offered a place to accompany their child if needed. 1 to 1 support or small group support for pupils |

| | Experienced, trained TAs accompanies most trips out in addition to class teachers. All trips are visited beforehand to check for suitability of activities, access and content to ensure that they will meet the needs of all children visiting. |
|---|---|
| 4. How do you help children and young people to make friends? | Introduction of the Pyramid club for identified Vulnerable children Circle of Friends intervention group in place Socially Speaking Intervention group in place Children encouraged to play with one another through playground leaders and peer supporters. PSHE scheme followed as well as identified SEAL & Anti Bullying Dedicated Weeks. |

Weblinks to Key Policies

School Policies can be found on the school website or by request to the Head teacher for specific curriculum subjects.

Please see our school website for the Policies

| | Glossary of Terms | | |
|--------------|--|---|--|
| | Annual Review | All statements and Education, Health and Care Plans must be reviewed annually. The Annual Review ensures that that once a year the parents, the pupil, the Local Authority, the school and all professionals involved consider the progress the pupil has made over the last 12 months, and whether amendments need to be made to the statement or Education, Health and Care Plan. | |
| ADHD/A DD | Attention Deficit Hyperactivity Disorder/Attention Deficit Disorder | ADHD/ADD is a disorder that appears in early childhood. ADHD/ADD makes it difficult for students to hold back their spontaneous responses (responses can involve everything from movement to speech to attentiveness). Students with ADD are not diagnosed as having excessive hyperactive behaviour but display all other symptoms. Children with ADD/ADHD may be: Inattentive, hyperactive, and impulsive (the most common form) | |
| | | Inattentive, but not hyperactive or impulsive.Hyperactive and impulsive, but able to pay attention. | |
| | Assessment | This involves building a picture of your child's abilities, difficulties, behaviour, his/her special educational needs and the support required to meet those needs. Assessment is an important part of deciding whether your child's progress rate is as good as is expected. Teachers carry out routine assessments regularly. | |
| | | More specialised assessments may be required if progress is not at an expected rate. This may be carried out by the SENCO, an Educational Psychologist or an Advisory Teacher. | |
| | | A statutory assessment is a formal procedure which involves the collection of information from as many people as possible who have detailed knowledge about your child. This may lead to the issue of a statement of special educational needs. | |
| | Asperger Syndrome | An autistic spectrum disorder characterised by difficulties with social interaction, social communication and inflexible thought patterns in an otherwise intelligent and able child. | |
| ASD | Autistic Spectrum Disorder | Autistic spectrum disorders are characterised by difficulties interacting and communicating. The characteristics of autism can be described as the 'triad of impairment': | |

| Clinical | Socialisation - poor social skills; Communication - difficulties with speech language and communication; Imagination - rigid thought and resistance to change. The commonly used terms 'autism' and 'Asperger syndrome' are autistic spectrum disorders. Clinical Psychologists help parents and children who are experiencing emotional and/or |
|------------------------------|---|
| Psychologist | behavioural difficulties in their home environment. |
| Code of Practice | The SEN Code of Practice (often referred to as 'The Code') gives practical guidance on how to identify, assess and support children with special educational needs. All early education settings, state schools and Local Education Authorities must take account of this Code when they are dealing with children who have special educational needs. |
| Differentiation | Differentiation is the adjustment of the teaching methods and/or resources according to the learning needs of the pupils. It can be aimed at the groups within the class or individuals. See also personalised learning. |
| Differentiated Curriculum | A curriculum that is specially adapted to meet the special educational needs of individual children. |
| Dyscalculia | Children with dyscalculia have difficulty in acquiring mathematical skills. Children may have difficulty understanding simple number concepts, lack an intuitive grasp of numbers and have problems learning number facts and procedures. Dyscalculia is a type of Specific Learning Difficulty (SpLD). See under SpLD below. |
| Dysgraphia | Dysgraphia makes the act of writing difficult. It can lead to problems with spelling, poor handwriting and putting thoughts on paper. People with dysgraphia can have trouble organising letters, numbers and words on a line or page. This can result partly from trouble processing what the eye sees (visual-spatial difficulties) or trouble processing and making sense of what the ear hears (language processing difficulties). |
| Dyslexia | Children with dyslexia have a marked and persistent difficulty in learning to read, write and spell, despite making good progress in other areas. Areas of difficulty include: working memory, organisation, reading comprehension, handwriting, punctuation, concentration, sequencing words and numbers. Students with dyslexia may also mispronounce common words or reverse letters and sounds in words. Dyslexia is a type of Specific Learning Difficulty (SpLD). See under SpLD below |
| Dyspraxia | A disorder that affects the co-ordination of movement. This can affect co-ordination of the speech organs (oral dyspraxia) or other actions e.g. eating, dressing or writing. Dyspraxia is a type of Specific Learning Difficulty (SpLD). See under SpLD below. |

| EHCP | Education, Health | From 1 st September 2014, Education, Health and Care Plans (EHCPs) will be issued |
|------|-----------------------|--|
| | and Care Plan | instead of statements of SEN. Existing statements will be converted to EHCPs over the |
| | | next three years. An EHCP has the same statutory protection as a statement but it can |
| | | be issued at and maintained to any point from birth to the age of 25. The criteria and |
| | | procedure for securing an EHCP for your child is detailed as part of Salford's Local |
| | E lass of a sol | Offer. |
| EP | Educational | Most, but not all, Educational Psychologists are employed by local authorities (LAs). |
| | Psychologist | Their main work is with schools and pre-school settings to provide advice, support and staff training for children with SEN. They may perform assessments of children with SEN |
| | | and produce a report as part of the statutory assessment. |
| | Exam Special | Special arrangements can be made for pupils who are disadvantaged during exams |
| | Arrangements | because of certain difficulties such as dyslexic tendencies. Readers, scribes and or extra |
| | , | time can be arranged, for pupils who meet the exam board criteria, in order that the |
| | | disadvantage they have can be redressed. |
| | Exam Special | Special concessions can be arranged for pupils who qualify for these e.g. the exam |
| | Concessions | paper can be enlarged or written in Braille for pupils with visual difficulties or a scribe can |
| | | be used if a pupil breaks an arm before the exam etc. |
| | Governors | Each school has a board of Governors that is responsible to parents, funders and the |
| | | community for making sure the school provides a good quality education. In Academy |
| | 11 | schools the governors are often called 'directors'. |
| HI | Hearing Impairment | Children with a hearing impairment range from those with a mild hearing loss to those who are profoundly deaf. They cover the whole ability range. For educational purposes, |
| | | children are regarded as having a hearing impairment if they require hearing aids, |
| | | adaptations to their environment and/or particular teaching strategies in order to access |
| | | the concepts and language of the curriculum |
| | Inclusion | Inclusion is the process by which schools and other establishments change their |
| | | principles, policies, practices and environments to increase the presence, participation |
| | | and achievement levels of children with special educational needs and/or a disability. |
| IEP | Individual | An IEP sets out the special help that a child will receive at school or early years setting |
| | Education Plan | to meet his or her special educational needs (SEN). It is not a legal requirement for your |
| | | child to have and IEP but it is good practice for parents and the child to be involved in |
| | | drawing it up and reviewing it if there is one. An IEP should be reviewed regularly and at |
| | | least twice a year. If there is no IEP the school should have another method of recording |
| LD | Learning Difficulties | how it is meeting your child's SEN A child has learning difficulties if he or she finds it much harder to learn than most |
| | | |

| | | children of the same age. |
|-----|---------------------|--|
| LEA | Local Education | Each council has an LEA. The LEA is responsible for the education of all children living |
| | Authority | within the council's area and has some responsibility for all state schools in our area. In |
| | | Salford, the LEA is combined with the children's social services departments and is |
| | | known as Children's Services. Children's Services have the same responsibilities for |
| | | educational provision for children with special educational needs as LEAs. |
| MLD | Moderate Learning | Children with moderate learning difficulties have much greater difficulty than their peers |
| | Difficulties | in acquiring basic literacy and numeracy skills and in understanding concepts. They may |
| | | also have associated speech and language delay, low self-esteem, low levels of |
| | | concentration and under-developed social skills. |
| | National Curriculum | This sets out a clear, full and statutory entitlement to learning for all children, setting out |
| | | what should be taught and setting attainment targets for learning. It also determines how |
| | | performance will be assessed and reported. The national curriculum is taught in a way |
| | | that meets the needs of individual children, e.g. setting goals that are achievable. |
| | National Curriculum | A detailed statement within the national curriculum, setting out the principles that schools |
| | Inclusion Statement | must follow, to make sure that all children have the chance to succeed. |
| | OFSTED | OFSTED stands for the Office for Standards in Education. OFSTED is the inspectorate |
| | | for children and learners in England and they oversee the quality of the provision of |
| | | education and care through inspection and regulation. They inspect childcare providers, |
| | | schools, colleges, children's services, teacher training and youth work. |
| PPO | Parent Partnership | Provides impartial advice and information to parents whose children have special |
| | Officer | educational needs. The service offers neutral and factual support on all aspects of the |
| | | SEN framework to help parents play an active and informed role in their child's |
| | Deve evelieed | education. |
| | Personalised | Personalised learning is about tailoring education to meet individual needs, interests and aptitudes to ensure that every pupil achieves and reaches the highest standards |
| | Learning | possible, no matter what their background or circumstances or level of ability |
| | | possible, no matter what their background of circumstances of level of ability |
| | Phonics | A system of teaching reading and spelling that stresses basic symbol-sound |
| | | relationships and how this works in decoding words. |
| | | |
| | Phonological | A child with phonological difficulties finds it hard to select and use the correct sounds |
| | Difficulties | necessary for speech. |

| PD | Physical Difficulty | There is a wide range of physical disabilities and pupils cover the whole ability range. |
|-------|--|---|
| FU | | Some children are able to access the curriculum and learn effectively without additional |
| | | educational provision. They have a disability but do not have a special |
| | | Educational need. For others, the impact on their education may be severe. In the same |
| | | way, a medical diagnosis does not necessarily mean that a child has SEN. It |
| | | depends on the impact the condition has on their educational needs. |
| | | There are a number of medical conditions associated with physical disability which can |
| | | impact on mobility. These include cerebral palsy, heart disease, spina bifida and |
| | | hydrocephalus, muscular dystrophy. Children with physical disabilities may also have |
| | | sensory impairments, neurological problems or learning difficulties. Some children are |
| | | mobile but have significant fine motor difficulties which require support. |
| | Physiotherapists | Physiotherapists see children who have difficulties with movement (e.g.: walking, kicking |
| | injerenerapiere | a ball). The therapist will assess the child's movements and identify what the physical |
| | | problems are and then devise a treatment plan. |
| | Pyramid Club | Club set up in liaison with the Schools' Psychology Service. This is an after school club |
| | , , , , , , , , , , , , , , , , , , , | for very quiet, vulnerable pupils who need support to grow in confidence, make friends |
| | | and build trusting relationships with nurturing staff who can support them in school and |
| | | help them to become more independent. |
| | Responsible Person | The person (either the headteacher/deputy headteacher, chair of the governing body or |
| | | SEN Governor), who has responsibility for making sure that staff know about a child's |
| | | special educational needs. |
| SENCO | Special Educational | A Special Educational Needs Co-ordinator or SENCO is a teacher who has the |
| | Needs Co-Ordinator | responsibility for overseeing the day-to-day SEN provision within his or her school. The |
| | | SENCO and your child's teacher/s should work together to plan how his/her needs |
| | | should be met. |
| SEN | Special Educational | The special help given to children with special educational needs which is additional to |
| | Needs | or different from the provision generally made for other children of the same age. |
| | Special Educational | The special help given to children with special educational needs which is additional to |
| | Provision | or different from the provision generally made for other children of the same age. |
| SpLD | Specific Learning | See Dyslexia, Dyscalculia and Dyspraxia above. |
| | Difficulties | |
| SEN | Special Educational | Children with special educational needs have significantly greater difficulty in learning |
| | Needs | than most children of the same age or have a disability. These children may need extra |
| | | or different help from that given to other children of the same age. Approximately one |
| | | fifth of all children may have an SEN at some point in their school career. |

| | Special Educational | See 'Code of Practice' above. |
|-----|----------------------------|---|
| | Needs (SEN) Code | |
| | of Practice | |
| | Statement of | The Statement of Special Educational Needs, or 'Statement' describes the special |
| | Special Educational | educational needs of a child and the help that she or he will get to meet those needs. It |
| | Needs | is a legal document that is produced at the end of a process known as 'statutory |
| | | assessment'. Only those children with the most severe, complex and persistent SEN will |
| | | need a Statement. From September 1 st 2104, no new statements will be written. Instead |
| | | a new document – an Education, Health and Care Plan (EHCP) with the same legal protection as a Statement will be produced. |
| | Statutory | This is the legal process for producing an Education, Health and Care Plan (EHCP). |
| | Assessment | Parents, a young person over the age of 16 who is deemed capable and a variety of |
| | | professionals can request a statutory assessment. Parents and/or the young person |
| | | themselves if they are deemed capable, must give their permission for this to go ahead. |
| | | Not all Statutory Assessments result in the issuing of an Education, Health and Care |
| | | Plan. From September 2014, Statutory Assessment can be carried out at any time |
| | | between a child's birth and the age of 25, although there will be very few young people |
| | | undergoing the process for the first time beyond the age of 16. |
| TAs | Teaching Assistants | Almost all schools now employ teaching assistants to support whole classes, small |
| | | groups or individual pupils. Teaching assistants may be called other things, such as |
| | | learning support assistant (LSA) or special support assistant (SSA) particularly if they |
| | | support a child with special needs. |
| | Transition | Transition is when a child moves from one setting to another, such as from home to a |
| | | childminder, to nursery, to primary school, to secondary school, or from education into |
| | | adult life. Planning for transition is important if your child has a significant level of need |
| | | where advance preparations may need to be made in the new setting to ensure it is |
| | | successful. |
| VI | Visual Impairment | Vision loss to such a degree that additional support is required. Refers to people with |
| | | irretrievable sight loss and does not include those whose sight problems can be |
| | | corrected by spectacles or contact lenses, though it does include those whose sight |
| | | might be improved by medical intervention. This simple definition covers a wide |
| | | spectrum of different impairments. |
